

Ministry by the Numbers: 2017/18 Annual Report

COBYS Family Services had a historic year that included the 20th anniversary of our adoption ministry and the purchase and renovation of the \$1.1 million Murry Hill Center to make room for expanding programs and services. More than 60 volunteers donated nearly 700 hours of service in preparation for the move of foster care, adoption, and family life education staff into the 13,600-square-foot facility along Oregon Pike early in 2018.

Motivated by Christian faith, COBYS educates, supports, and empowers children and adults to reach their full potential. We carry out this mission through adoption and foster care services, counseling, family life education, and more.

COBYS employs 123 staff, including 55 full-time employees (up from 122 and 45 last year). During the past fiscal year (July 1, 2017-June 30, 2018), COBYS served children and families

in these ways:

Adoption. COBYS finalized our 500th adoption in May in the midst of a year-long anniversary celebration. Jerraca Hernandez, the first child adopted through COBYS in 1998, shared her testimony at a spring banquet.

An affiliate of the Statewide Adoption & Permanency Network (SWAN), the COBYS adoption program provides a variety of adoption-related services (see table). They include child specific recruitment to help

locate adoptive homes for children, child preparation to ready children for transitions, child and family profiles to facilitate matching, finalizations, and post adoption support. While the number of adoptions finalized was similar to the previous year, adoption-related services expanded rapidly, resulting in the addition of three new full-time staff positions.

Counseling.

Seven part-time therapists provided 4,610 hours of therapy at three centers during the year, a 33 percent increase from the previous year! Clinical services are offered at the Oregon Counseling Center,

the Palmyra Area Counseling Center, and at the COBYS Family Life Center in Lancaster. Therapists provided an additional 966 client contact

hours in group settings through two grant-funded programs. Five therapists were trained in Seeking Safety, an evidence-based small group therapy program to address both substance abuse and trauma—one way that COBYS is seeking to respond to the opioid crisis. This program utilizes both COBYS therapists and family life educators to serve clients from Lancaster County's treatment courts. COBYS is seeking additional licensed therapists to meet the demand for child/adolescent services.

Family Life Education. Along with implementing Seeking Safety, COBYS educators partnered with Ephrata and Hempfield School Districts to pilot a Truancy Diversion Program for the Lancaster District Attorney's office. During the year educators led 88 courses and 39 workshops, providing 1,483 classroom hours of instruction to 1,336 adults, youth, and children. In comparison, the previous year's totals were 101, 29, 1,533, and 1,289. Programs and workshops were provided at various locations in partnership with 38 schools, community organizations, and churches.

Adoption-Related Services	2016/17	2017/18
Child Specific Recruitment	11	18
Child Preparation	56	84
Child Profiles	78	104
Family Profiles	36	44
Adoption Finalizations	34	31
Post Adoption Services (# of families)	28	65

Foster Care. The foster care program provides temporary care for abused and neglected children. Again this year, the number of children served hit a new high, with foster care staff facilitating 32,636 days of care for 170 children, up from 27,049

days of care for 154 children. COBYS served 44 sibling groups, striving to preserve these enduring relationships by placing children together in the same home with one or more siblings. COBYS families also cared for 12 children with special medical needs such as prenatal drug addiction, vision difficulties, congenital defects, and Down Syndrome. Of the 82 children discharged from care, 41 were reunified with parents or other relatives, 16 were adopted by their foster family, and 22 moved to other placements.

COBYS approved 24 new foster/adoptive resource families, bringing the total number of families open with COBYS during the year to 116. Orientation sessions are offered twice each month for people interested in exploring foster care and adoption. COBYS then provides 27 hours of training—offered six times per year in daytime and evening formats—to those seeking approval as resource families.

Permanency Unit. In partnership with the Lancaster County Children and Youth Agency, which funds the program, Permanency Unit staff seek safe, permanent homes for foster children; monitor the well-being of foster children and support foster parents; and assist birth parents to overcome the issues that led to their children's

placement in care. Despite challenges posed by high staff turnover, the program served 155 children from 107 families, the same number of children as the previous year. A total of 21 children returned home to a parent or guardian, 21 were transferred to the adoption unit to gain permanency through adoption, and 9 others were released to caregivers through permanent legal custodianship. Three youth signed out of care after turning 18. The 21 children transferred to the adoption unit was triple the number from the previous year. Staff first seek to reunify children with parents or relatives, but an increasing number of cases involving parents struggling with drug addiction makes reunification within the 15-22 months provided by state law more difficult.

Financial Support

The COBYS budget for the current year is more than \$5 million. Private giving (the focus of this report) accounts for nearly 15 percent of COBYS' income. Strong private giving helps offset challenges posed by inadequate public funding for some of our programs and services.

Giving to the general fund grew by a modest three percent, the seventh consecutive year of growth following the recession, but the smallest percentage increase in recent years. The

big story for 2017/18 was the unprecedented amount in bequests, which was timely in light of major spending on a new building.

Because of strong private giving in recent years, board and staff opted not to launch a Murry Hill Center campaign, but did send a low-key appeal letter, resulting in \$7,103 in "campaign" giving. (On the table below in previous years "campaign" refers to the Work for the Well-Being of the City campaign that focused primarily on the COBYS Family Life Center and education programming.) In Kind giving of goods and services was up sharply, due

mostly to the donation of quality used furniture from Intermediate Unit 13 with a depreciated value of more than \$21,000.

(Additional financial information is available upon request.)

Thank You!

We are grateful for the many people who undergird the ministries of COBYS Family Services. Those listed on the following pages supported COBYS with financial gifts, in kind donations, or volunteer hours between July 1, 2017, and June 30, 2018. Every effort has been made to make this list complete.

Please let us know if your name has been inadvertently omitted or if you would prefer not to be included on future donor lists. Contact Anne Stokes at 717-656-6580 or anne@cobys.org.
